

# About Us

# Where OZY chic

At Enchanted Journey Design, our Fall Decorating Services bring cozy charm and crisp-sweater vibes straight to your doorstep-no tangled garlands, no climbing ladders, and definitely no stress.

From pumpkin-draped porches and layered fall tablescapes to mantels that practically glow with harvest charm, every space is styled to celebrate the season your way.

Whether you're dreaming of a warm, rustic entryway or a bold, modern autumnal moment, we blend elevated design with personal touches that make your home feel festive, not fussy.

# FALL DECOR SECRETS

Where textures soften, candles flicker, and autumn lingers.

Fall decorating isn't about buying out the craft store or covering every surface with leaves—it's about creating moments. The kind that make you want to light a candle, stay in for movie night, or sip your coffee just a little slower.

Here are a few ways to style your home for the season without overdoing it (or overthinking it):

# 1. Layer Your Textures, Not Just Your Outfits

Swap lightweight summer throws for chunky knits, boucle pillows, or anything that makes your couch feel like a hug. Even one new accent pillow can make a big impact.

#### 2. Style in 'Threes'

When creating tabletop vignettes—think candle, mini pumpkin, and a small floral or bowl. Odd numbers keep things balanced but not boring.

## 3. Use What You Already Have (and Add Just a Touch of Fall)

A wooden bowl becomes a seasonal centerpiece with apples and eucalyptus. A neutral vase looks brand new with dried florals or wheat stalks. You don't need more, just better combinations.

#### 4. Don't Forget the Porch

First impressions start at the front door. Layered doormats, lanterns, and a couple of strategically placed pumpkins go a long way—especially if you're hosting or greeting trick-or-treaters.

#### 5. Pick a Mood, Not a Theme

Instead of going full "fall explosion," pick a vibe: Cozy & Minimal, Moody & Dramatic, Harvest Chic. Let your palette and textures guide the rest. (Hint: your favorite sweater probably already knows the answer.)

# SHORT ON TIME? LONGING FOR COZY?

We get it—your calendar is full, your weekends are spoken for, and digging through bins of fall decor doesn't quite spark joy. That's where we come in.

At Enchanted Journey Design, we offer full-service Fall Styling for indoors and out—porches, mantels, tablescapes, and cozy corners—complete with curated themes and zero stress. You just enjoy the season. We'll handle the magic.

# START SMALL OR GO ALL IN

Whether you're styling a single space—a cozy corner, your front porch, or the mantel—or refreshing your entire home for the season, there's no wrong place to begin. Choose the rooms that matter most to you, and we'll bring in just the right layers of warmth, charm, and fall magic.
